## GIGABYTE Announces GO OC 2010 Worldwide Final Champion

Matose from Romania is GO OC 2010 Worldwide Champion

Sep 25, 2010

Taipei, Taiwan, September 25, 2010 – The GIGABYTE Open Overclocking Championship (GO OC) 2010, the world's largest Overclocking competition, successfully took place September 25, 2010. A total of 15 teams from 5 regional finals gathered at the Hua-Shan Creative Park (East 3 Hall) in Taipei, Taiwan to compete for the title of the GO OC 2010 World champion.

After 4 hours 50 minutes of serious competition, GIGABYTE is pleased to announce that

Matose from Romania was crowned GO OC 2010 Worldwide Final champion. Matose was able to maintain his lead throughout most of the competition with 64 points including the top score for Pifast at 13.830 seconds. Second place was stephenyeong from Hong Kong with 52 points and third place went to speedtime.wing from China with 42 points.
